XIV INTERNATIONAL SYMPOSIUM: A MULTIDISCIPLINARY APPROACH TO TREATMENT, DIAGNOSIS, INFECTION CONTROL AND AMS March 22 to 24 2023

PRE-MEETING WORKSHOP: Antimicrobial stewardship from theory to practice.

- | | |
|-----------------------|---|
| 2:00 - 2:45 pm | The ABC of antimicrobial stewardship programs.
<i>Dr. Luke Moore</i> |
| 2:45 - 3:30 pm | Integrating Diagnostic Stewardship to AMS.
<i>Dr. Germán Esparza</i> |
| 3:30 - 3:45 pm | COFFEE BREAK. |
| 3:30 - 3:45 pm | The role of pharmacy in AMS.
<i>Dr. Debbie Goff</i> |
| 4:30 - 5:15 pm | AMS consensus and recommendations.
<i>Dr. Christian Pallares</i> |
| 5:15 - 6:00 pm | The LASCONET experience implementing AMS.
<i>Dra. María Virginia Villegas</i> |
| 6:00 - 6:45 pm | Round table and case discussion. |

Wednesday 22nd

- 7:00 - 8:15 am** **Meet the expert:**
SESSION 1: WHAT IS GOING ON WITH GRAM POSITIVE INFECTIONS.
*Moderators: Dra. Sandra Valderrama
Dr. Cesar A. Arias*
- 8:30 – 9:15 am** What have we learned about *S. aureus* and *E. faecium* infections: Implications of mechanisms of resistance for therapeutic selection.
Dr. José Munita
- 9:15 – 10:00 am** Diagnostic challenges in Gram (+) bacteria.
Dr. Rafael Cantón
- 10:00 – 10:15 am** Coffee break
- 10:15 – 11:00 am** *Therapeutic strategies in difficult to treat Gram (+) infections.*
Dr. Esteban Nannini
- 11:00 – 12:00 pm** Challenging clinical cases in *S. aureus* and *E. faecium* infections (interactive session).
Dr. Cesar A. Arias y Dra. Sandra Valderrama
- 12:00 – 12:20 pm** Roundtable.
- 12:30 – 1:45 pm** **Satellite Symposium.**
- SESSION 2: THE REVENGE OF GRAM NEGATIVES.**
Moderators: Dra. María Virginia Villegas y Dr. German Esparza
- 2:00 – 2:45 pm** Strategies to overcome resistance to new drugs in Gram (-) bacteria.
Dr. Ryan K. Shields
- 2:45 - 3:15 pm** New diagnostic recommendations. Insights from the CLSI standards.
Dr. German Esparza
- 3:15 - 3:45 pm** High risk clones – The baddest of the bad .
Dra. Laura Rojas
- 3:45 - 4:15 pm** Coffee break.
- 4:15 - 5:00 pm** Challenging cases in Gram (-) bacteria (interactive session)
*Dr. Federico Pérez, Dra. María Virginia Villegas,
Dr. German Esparza*
- 5:00 - 5:45 pm** Round Table.
- 6:00 - 7:00 pm** OPENING CEREMONY AND JOHN P. QUINN LECTURE:
The Treatment of Metallo-B-lactamase Producing Infections.
Dr. Pranita Tamma

Thursday 23th

- 7:00 - 8:30 am** **Meet the expert:**
SESSION 3: INFECTIONS IN THE ICU.
Moderators: Dr. Francisco Molina – Dr. Fabio Varón
- 8:30 - 9:00 am** Diagnostic and therapeutic approach to Sepsis and Septic shock: new strategies for an old syndrome.
Dr. Ignacio Martín-Loeches
- 9:00 - 9:30 am** Diagnostic and therapeutic cost effectiveness analysis for the ICU infections.
Dr. Fabio Varón
- 9:30 - 10:00 am** Coffee break.
- 10:00 - 10:30 am** *De-escalation and short treatment for bacterial infections in the ICU: what is the evidence.*
Dra. Debra A. Goff
- 10:30 - 11:00 am** Pk/PD in the critical patient: considerations for an effective treatment.
Dr. Samuel L. Aitken
- 11:00 - 11:30 am** *The challenge of Ventilator Associated pneumonia: Clinical cases.*
Dr. Antoni Torres
- 11:30 - 12:15 pm** Roundtable.
- 12:15 - 1:45 pm** Satellite Symposium/Symposia.
- SESSION 4: INFECTIONS IN IMMUNOSUPPRESSED PATIENTS.**
Moderators: Dr. Freddy Guevara – Dr. José Oñate
- 2:00 - 2:30 pm** An overview of cancer patients and their risk for bacterial infections.
Dra. Laila Woc-Colburn
- 2:30 - 3:00 pm** Understanding and Managing Sepsis in Patients with Cancer in the Era of Antimicrobial Resistance.
Dr. Michael J. Satlin
- 3:00 - 3:30 pm** Coffee break.
- 3:30 - 4:00 pm** Infection control, cleaning and disinfection in oncological patients: are protocols different?
Dr. Christian Pallares
- 4:00 - 4:30 pm** Diagnostic Stewardship in cancer patients.
Dr. William Musick
- 4:30 - 5:15 pm** Fungal and Antimicrobial Stewardship in cancer patients (clinical cases).
Dr. Freddy Guevara, Dr. José Oñate, Dra. Indira Berrio
- 5:15 - 5:45 pm** Round table.

Friday 24th

- 7:00 - 8:30 am** **Meet the expert:**
SESSION 5: LOOKING TO THE FUTURE
Moderators: Dr. Christian Pallares – Dra. Adriana Jiménez
- 8:30 - 9:15 am** Upcoming cleaning and disinfection technologies.
Dr. William A. Rutala
- 9:15 - 9:45 am** From phage-therapy to CRISPR. What is new in antimicrobial treatment?
Dr. Cesar A. Arias
- 9:45 - 10:15 am** Coffee break.
- 10:15 - 11:00 am** Incorporating Real World Data for therapeutic decisions.
Dr. Diego Rosselli
- 11:00 - 11:45 am** Using New technologies for Hand hygiene adherence and Infection control practices.
Dr. Connie S. Price
- 11:45 - 12:15 pm** Roundtable.
- 12:15 - 1:45 pm** Satellite Symposium/Symposia.
- 1:45 - 2:00 pm** Symposium closure.
